

### FLEXIBLE STEEL CONDUIT

- material : electro galvanized
- Flexible conduit of galvanized steel core
- Sheet thickness : 0,25mm
- Compression strength : 320N
- Impact strength : 1J
- High flexibility

#### Technical Details

|      |       |        |
|------|-------|--------|
| IP40 | -30 C | +300 C |
